Dear Mr. Winninger:

Thank you for your letter regarding the status of the funding for the Employment Resource Centres (ERC) at six London Public Library (LPL) locations.

I am glad to hear that the Ministry of Training, Colleges and Universities (MTCU) has issued an amendment to extend LPL's current MTCU service agreement. In these troubled economic times, the services that the ERCs provide are critical to the community. Please do not hesitate to update me on any further developments at the LPL.

Thanks again for contacting my office.

Yours truly,

Chris Bentley, M.P.P.
