May 2, 2011

Dear Mr. Fielding, Mr. Elliott and Mrs. Krimmer,

On behalf of the Urban League of London, I am pleased to inform you that our membership has chosen to confer our annual 'Green Brick' award in honour of the outstanding environmental design features incorporated in the construction of the Stoney Creek Community Centre, YMCA & Library.

Established in 1985, The Green Brick Award is given annually to recognize developments that take community concerns into account at both the planning and development stages of a project. The colour green reminds us of the importance of green open spaces in effective urban planning and of London's reputation as the Forest City.

This year, the membership of the Urban League has chosen to confer two awards, the other will be awarded to the Red Antiquities Building, recognizing the substantial commitment to preserving a key piece of London's built heritage.

The award will be presented at our Annual General Meeting at Grosvenor Lodge (1017 Western Road) on Thursday, June 16th, starting at 7:00 pm. We would be honoured to have a few members of your organization attend to receive the award and join us for the reception following the presentation.

Please confirm who from each of your organizations will be able to attend to receive the award along with contact information for those individuals at your convenience. We will ensure formal invitations and programs are sent to them.

Thank you for your commitment to high environmental standards and congratulations on the completion of a magnificent building.

Sincerely,

Stephen Turner
Chair
