Old East Village Community Association
817 Lorne Avenue
London, Ontario
N5W 3K9

Mr. Greg Thompson
President, OEVCA

Mr. Frank Filice
Vice President, OEVCA

Dear Mr. Thompson and Mr. Filice:

London Public Library would like to thank the Old East Village Community Association (OEVCA) for including the Carson Library garden in their Greening the Common Project. The Library is aware that the Greening the Common Project was funded through an application process to the Urban League of London, who is able to fund these types of projects due to the generous donation they received from the estate of Beryl Ivey.

The Library would also like to extend its gratitude to Reforest London, whose services were retained by OEVCA. Gabriele Sanio, from Reforest London, provided the Carson Action Group with a wonderful garden plan and on the day of the planting was an excellent supervisor and teacher to the eager group of volunteers who were on hand to plant.

The inclusion of the Carson Branch Library in the Greening the Common Project acknowledges the value the community places on its local library and supporting our vision that London Public Library branches are the community hubs that strengthen individuals, families and neighbourhoods.

Sincerely,

Josh Morgan
Chair
London Public Library Board

Susanna Hubbard Krimmer
CEO and Chief Librarian
London Public Library
