PINECONES SNOW OWLS  
(AGES 7+)

Materials Included:
* White, orange and beige felt pieces
* Cotton balls
* Googly eyes

Materials Not Provided:
* Pinecone
* Glue
* Scissors

Instructions:
1. Go outside and get a pinecone! Make sure you have supervision or permission if you're leaving your house.
2. Make sure your pinecone is dry.
3. Begin tearing up the cotton balls and stuffing them in the pinecone. You don't have to use glue as cotton balls will stay. Work your way around the pinecones – this will give them the "owl feather" texture.
4. Cut out a pair of wings out of the white felt.
5. Cut out a small oval shape for the head from beige felt. Cut another slightly smaller oval shape from the white felt. You can make one side of the white shape slightly "heart-like" to give it a more "facial" look.
6. Cut out a small orange beak.
7. Glue the beak on top of the beige oval shape. Glue the smaller oval shape on top of that.
8. Glue the googly eyes onto your felt face.
9. Glue your wings on either side of the pinecone.
10. Finally, glue your felt face on the front/top of the pinecone.
